

COMMONWEALTH SCIENCE, TECHNOLOGY, ENGINEERING AND MATH (STEM) INDUSTRY INTERNSHIP PROGRAM

# PAID INTERNSHIP OPPORTUNITIES SPRING, SUMMER, FALL

**ABOUT THE PROGRAM:**

The Virginia Space Grant Consortium (VSGC) and its partners (shown below), in collaboration with Virginia’s colleges and universities, are offering the Commonwealth STEM Industry Internship Program (CSIIIP).

- Links Undergraduate Science, Technology, Engineering, and Math (STEM) Students to Industry and Employers to Students.
- Free student resource for finding paid spring, summer, and fall internships.
- One application puts a student in front of more than 170 companies offering paid internships.
- No cost to students, colleges/universities, or companies to participate.

**NEW TO CSIIIP: *New Internship Opportunities for Three Technical Certification Areas***

- Mechatronics Opportunities in Partnership with the Southern Virginia Higher Education Center.
- Cybersecurity Opportunities in Partnership with the Hampton Roads Cybersecurity Alliance.
- Aviation Maintenance Opportunities in Partnership with the Aviation Institute of Maintenance.

**ELIGIBILITY REQUIREMENTS:**

- U.S. Citizen or Permanent Resident.
- 18 years of age at an accredited Virginia college, community college, or university.
- Virginia residents attending an accredited out-of-state college may apply.
- Enrolled in at least 6 credit hours per semester pursuing a STEM related degree.
- Minimum 2.7 GPA on a 4.0 scale.
- Rising sophomore (30 college credits).
- Newly graduating seniors may participate.
